## A Promised Child

---

### Summary

In this greater narrative until of Genesis 11:27-21:7, God has brought Abraham and Sarah on a journey. They've struggled with the tension between their physical limitations and God's promises. They've had highs and lows on this journey, but God has used all of that to bring them into a deeper faith and a deeper joy. As we walk through life, as we struggle to believe the promises we have in Christ, we can recognize that God is using the highs and lows of our life to bring us into deeper faith and deeper joy.

Notes:

- 1.If you are a believer, what are the promises you have in Christ?
2. In what ways do you struggle to believe these promises? How does the messiness of your life (accumulating sin, pride, unbelief, etc.) prevent you from living in a way that reflects the promises you stated in question 1?
- 3.How does the fact that God intentionally designs our lives to clean the messiness bring you to a deeper faith and deeper joy?
4. How might you communicate how Isaac points to Jesus to an unbeliever?
