

# Keys to a Successful Ministry Year

## Gospel-Driven Community

---

HEBREWS 10:19-25

### Overview

God is forming a people for himself. The foundation for this new community is Christ himself. He alone is the means of access to God. Built on that foundation, the people of God are to draw near to him in relationship, hold onto the Gospel in perseverance, and help one another in Christian living. In the end, we are not called to walk with him alone but together in community.

### Reflection Questions

1. In what ways is Jesus the foundation of biblical community? In what ways can we fail to keep Jesus at the center of community?
2. God commands us to draw near to him. How do you enjoy doing that both individually and with others?
3. How has Christian community helped you stay strong in your faith?
4. Describe your experience of community at Kossuth. What has been healthy? What could be better?
5. Who in your life do you seek to encourage in the faith on a regular basis? How could you specifically do that in the week ahead? Who has been spiritually encouraging to you recently?
6. What is shifting in the way you think and/or want to live as a result of this study?
